

**BEFORE THE PUBLIC UTILITIES COMMISSION  
OF THE STATE OF SOUTH DAKOTA**

<b>IN THE MATTER OF THE REQUEST OF )</b>	<b>ORDER GRANTING</b>
<b>QWEST CORPORATION FOR CERTIFICATION )</b>	<b>CERTIFICATION</b>
<b>REGARDING ITS USE OF FEDERAL )</b>	
<b>UNIVERSAL SERVICE SUPPORT )</b>	<b>TC04-039</b>

On February 27, 2004, the South Dakota Public Utilities Commission (Commission) received a filing from Qwest Corporation (Company) regarding its Request for Certification Regarding its Use of Federal Universal Service Support. The purpose of this filing was to provide information constituting Company's plan for the use of its federal universal service support and to otherwise verify that Company will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Company listed estimates of the support it expected to receive from the Universal Service Administrative Company (USAC) as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. An Affidavit was attached to the Request for Certification. Pursuant to 47 C.F.R. § 54.313, a state that desires a non-rural carrier within its jurisdiction to receive future federal universal service support must file an annual certification with the Federal Communications Commission and USAC stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support. Support provided under FCC rules will only be made available if the State Commission files the requisite certification pursuant to § 54.313.

On March 4, 2004, the Commission electronically transmitted notice of the filing and the intervention deadline of March 19, 2004, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of March 23, 2004, the Commission considered this matter. The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254. The Commission found that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The Commission voted to approve Company's Request for Certification Regarding Its Use of Federal Universal Service Support. The Commission also stated its support for Qwest's request for any necessary waivers from the FCC that would allow Qwest to receive federal support retroactive to January 1, 2004. It is therefore

ORDERED, that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is

FURTHER ORDERED, that the Commission approves Company's Request for Certification Regarding Its Use of Federal Universal Service Support. It is

FURTHER ORDERED, that the Commission supports Qwest's request for any necessary waivers from the FCC that would allow Qwest to receive federal support retroactive to January 1, 2004.

Dated at Pierre, South Dakota, this 25th day of March, 2004.
